

TRIP RAPPORT 2016

Biovigilantie

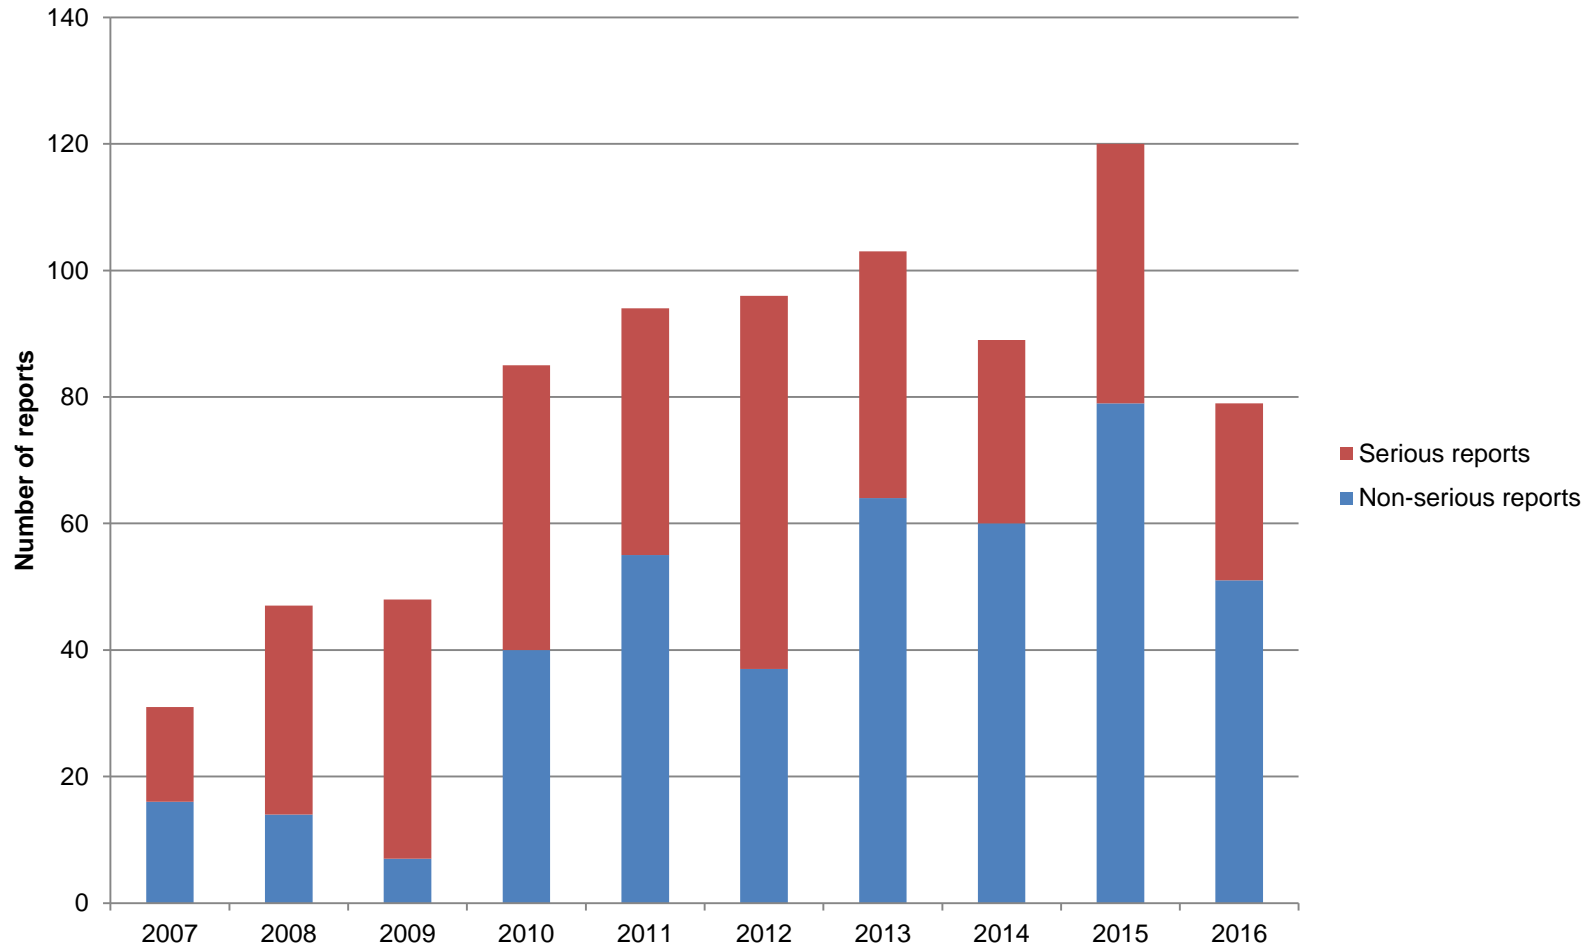

Uitgebreide versie

10 YEARS: biovigilance has flourishing

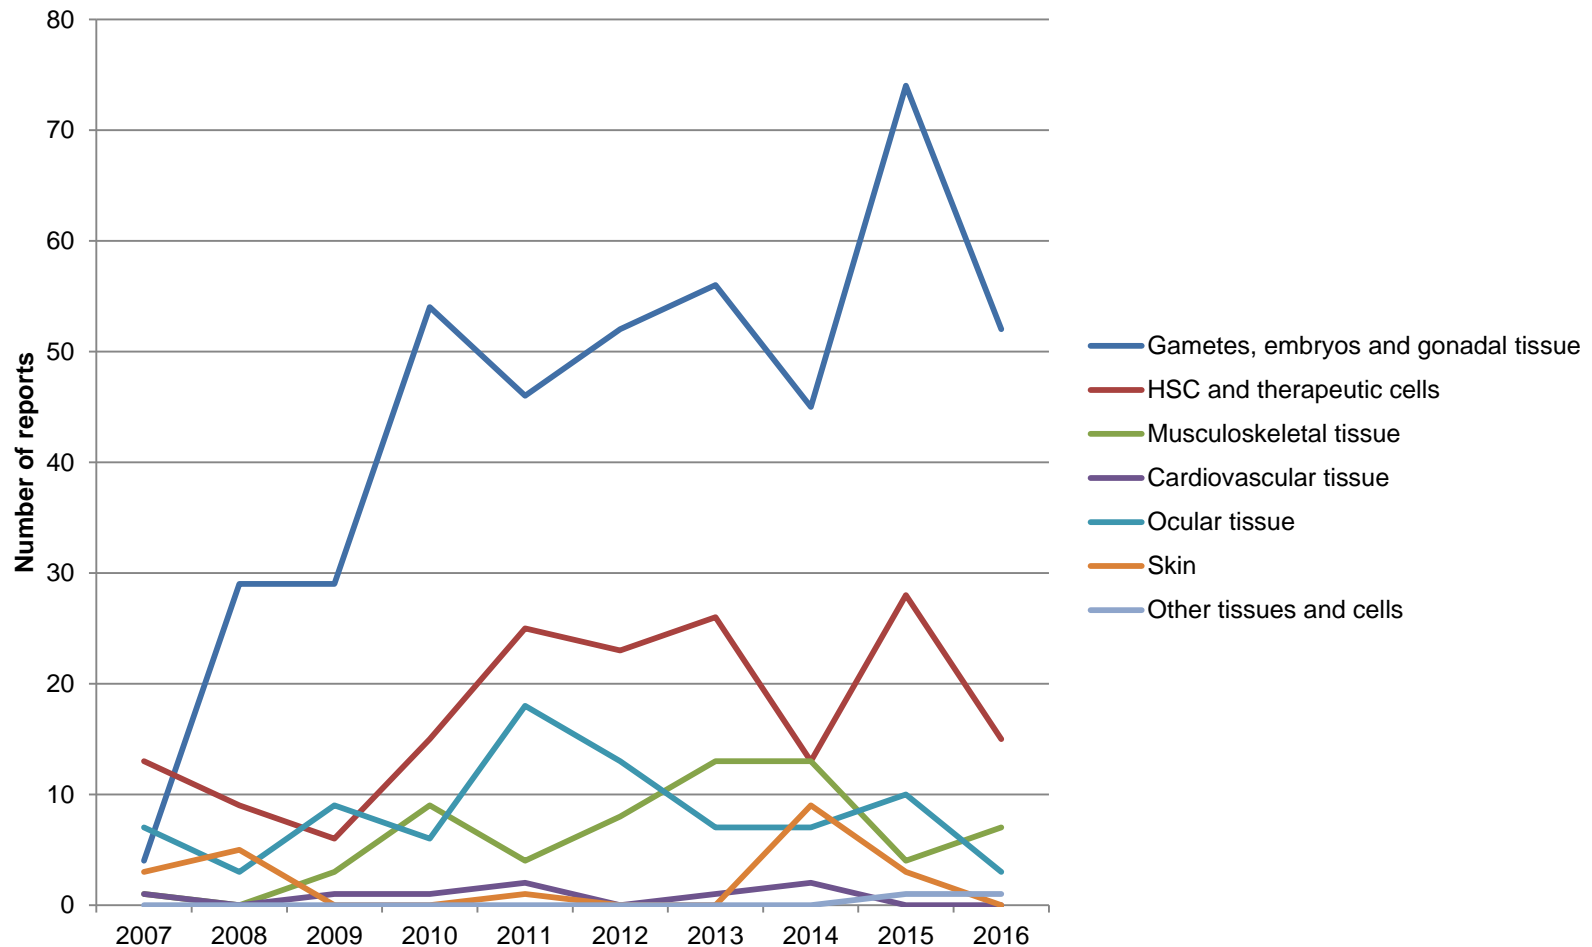

Reports to TRIP

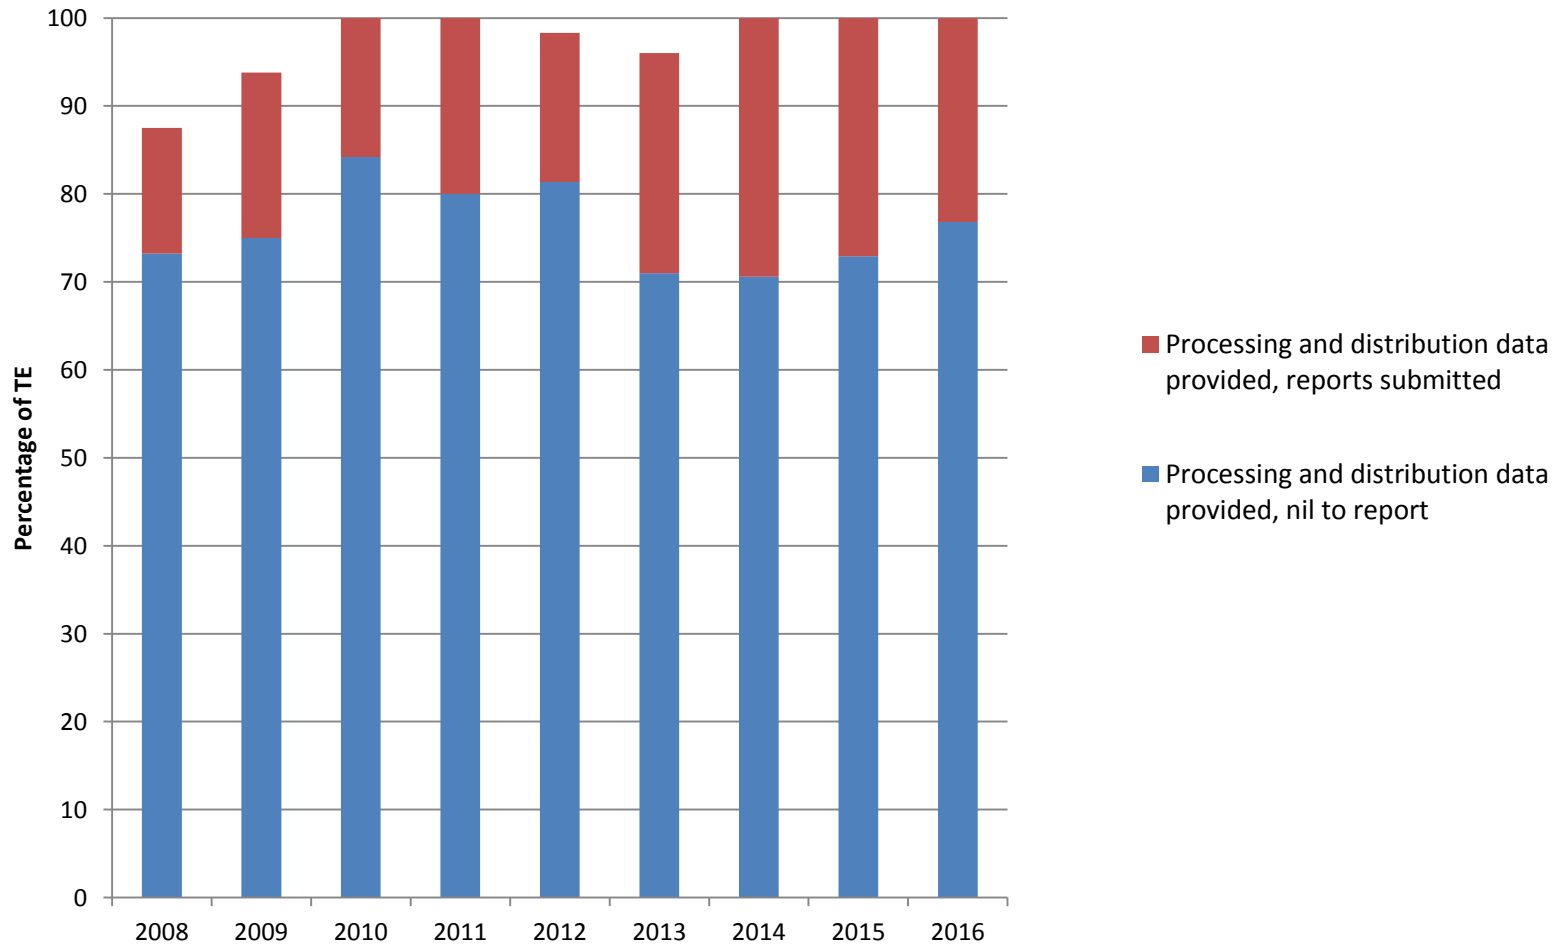

Reports to TRIP, 2007-2016

Reports per tissue or cell type

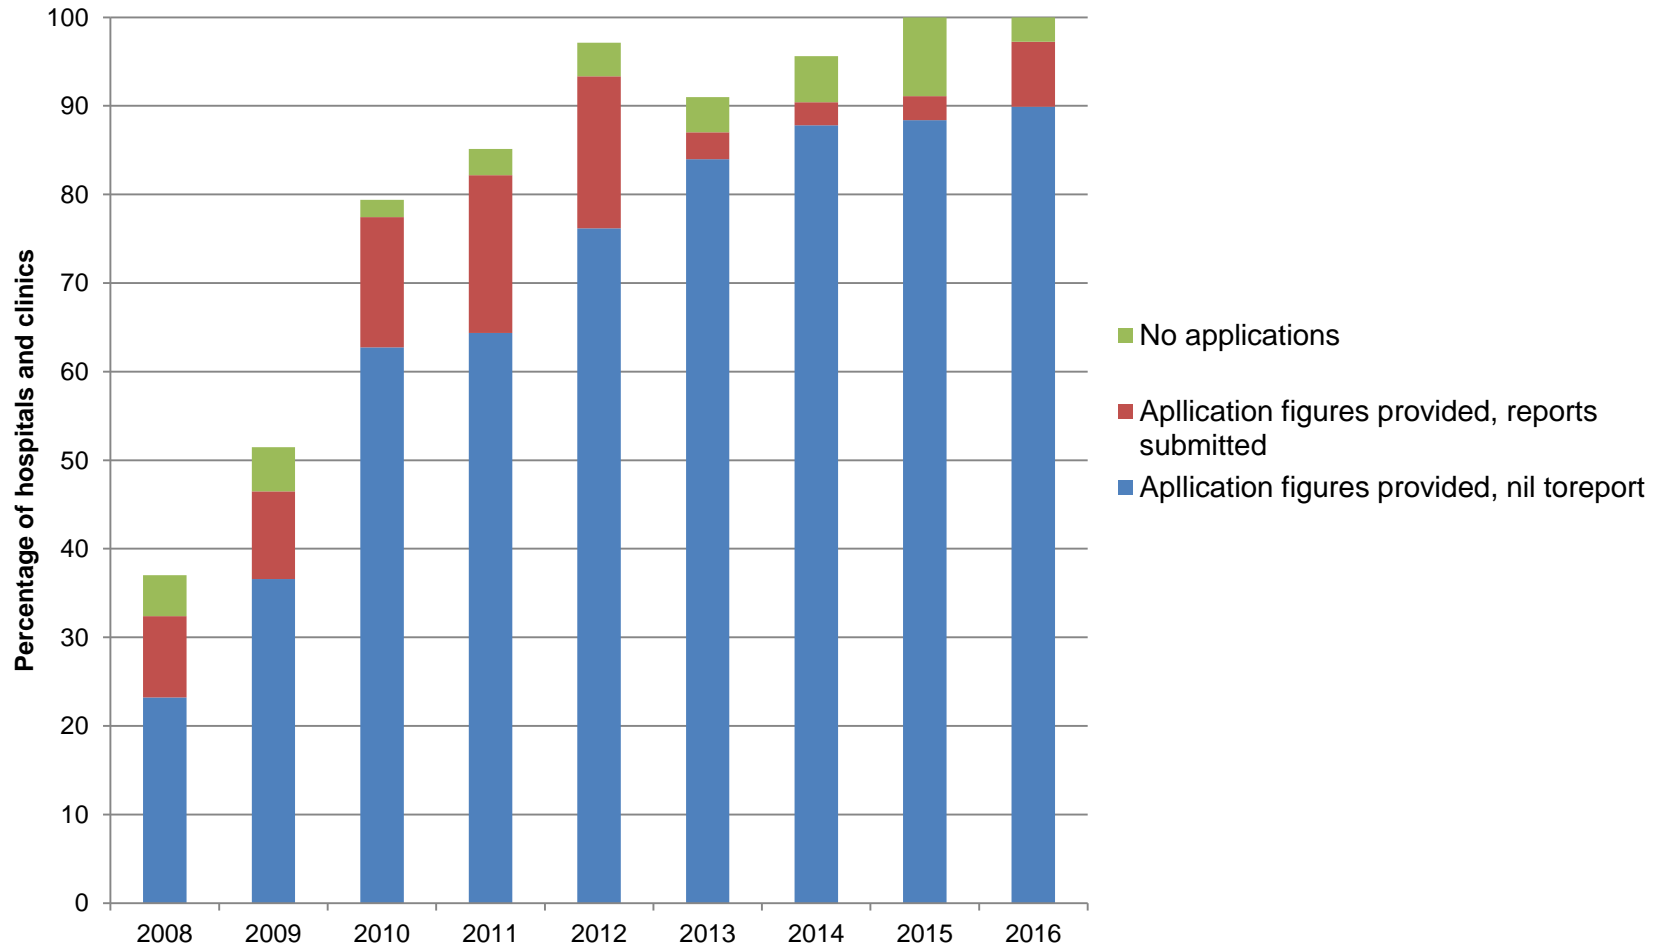

Reports per tissue or cell type, 2007-2016

Participation

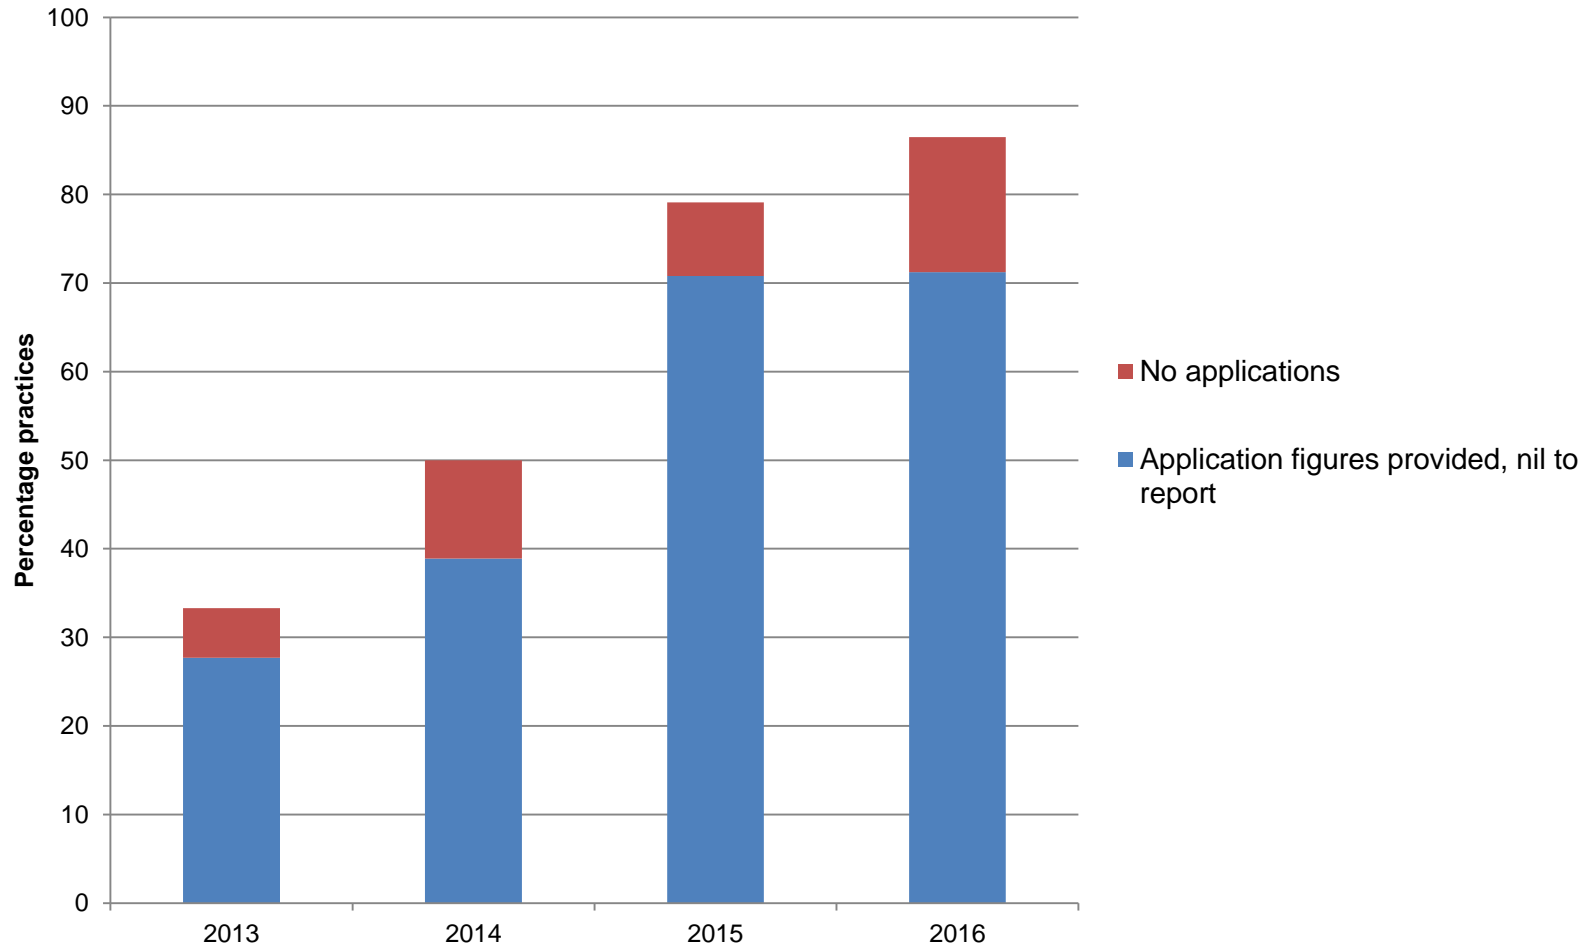

Participation by tissue establishments, 2008-2016

Participation

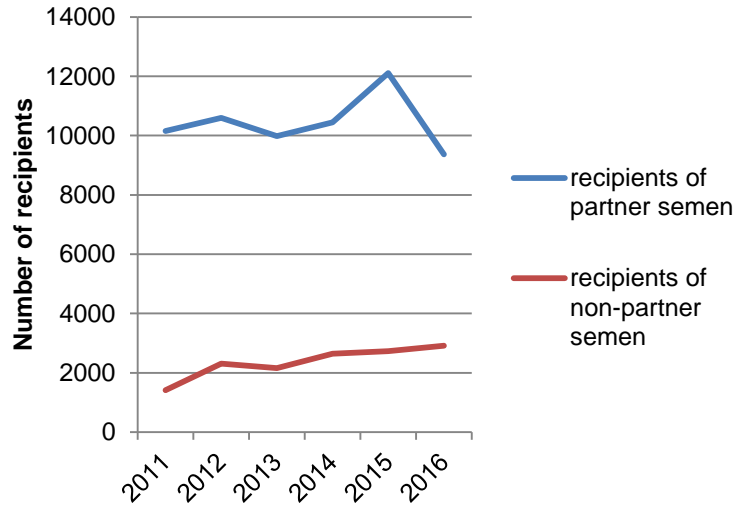

Participation by hospitals and clinics, 2008-2016

Participation

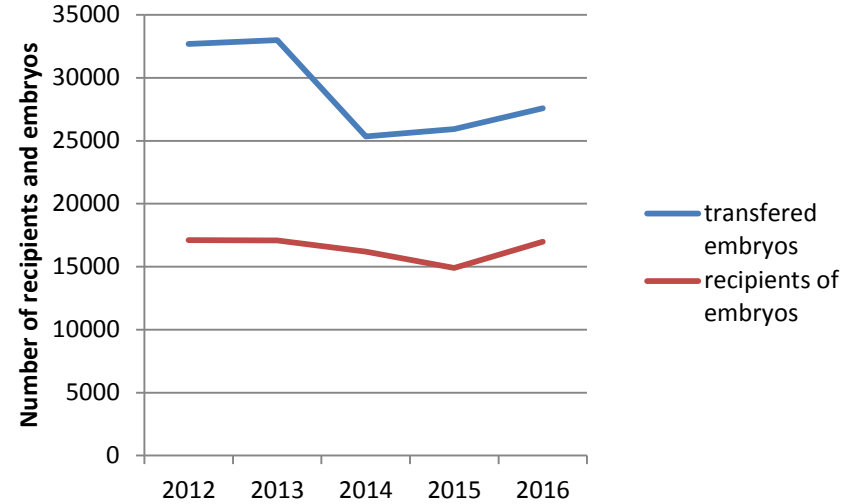

Participation by oral implantology practices, 2008-2016

ART

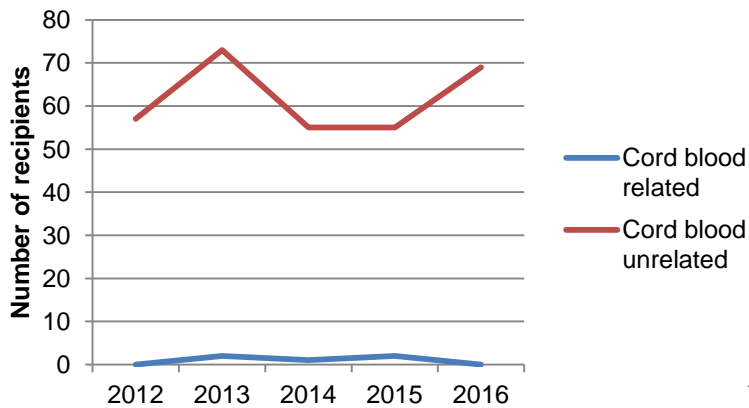

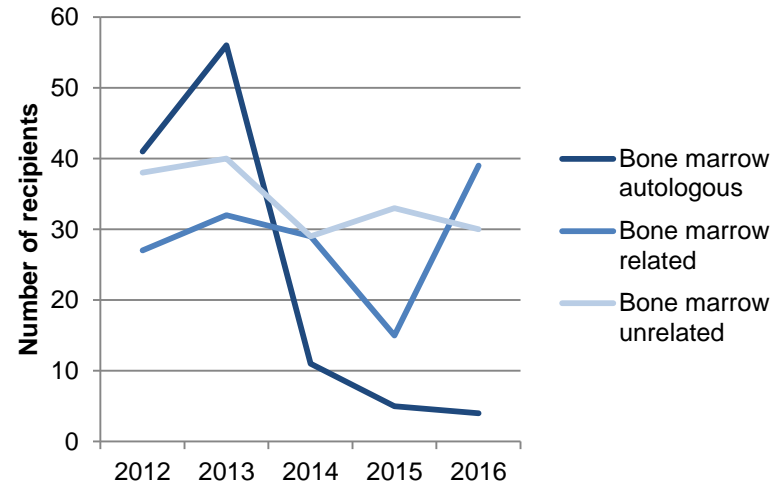

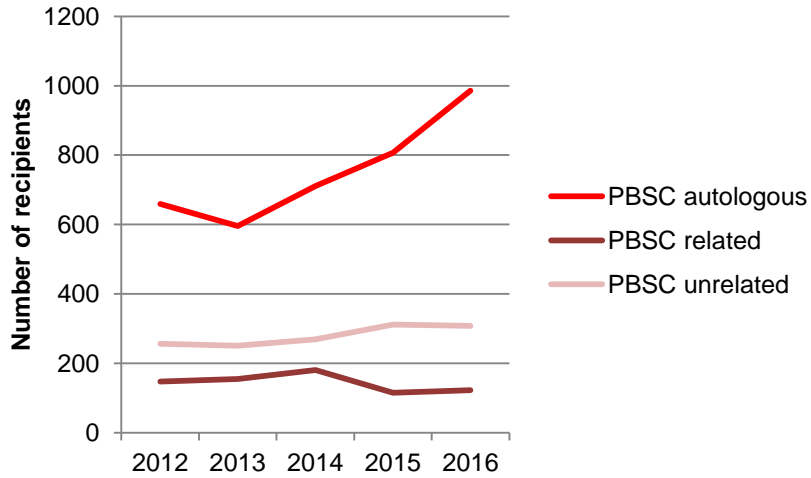

Numbers of recipients of partner and non-partner semen, 2011-2016

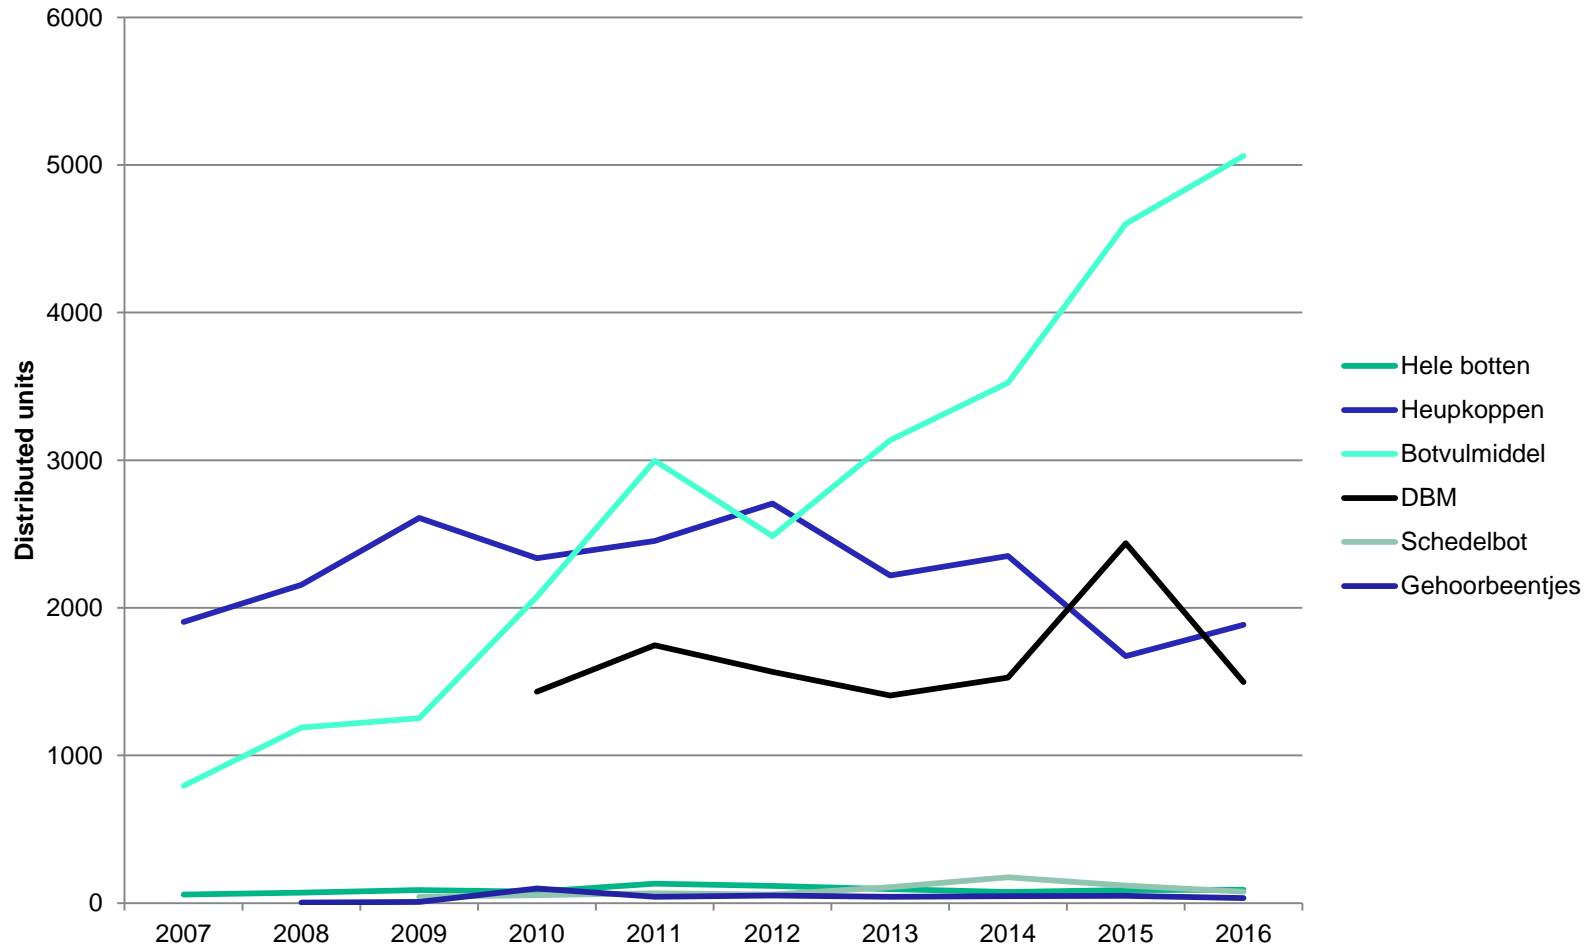

Numbers of transferred embryos and recipients, 2012-2016

HPC

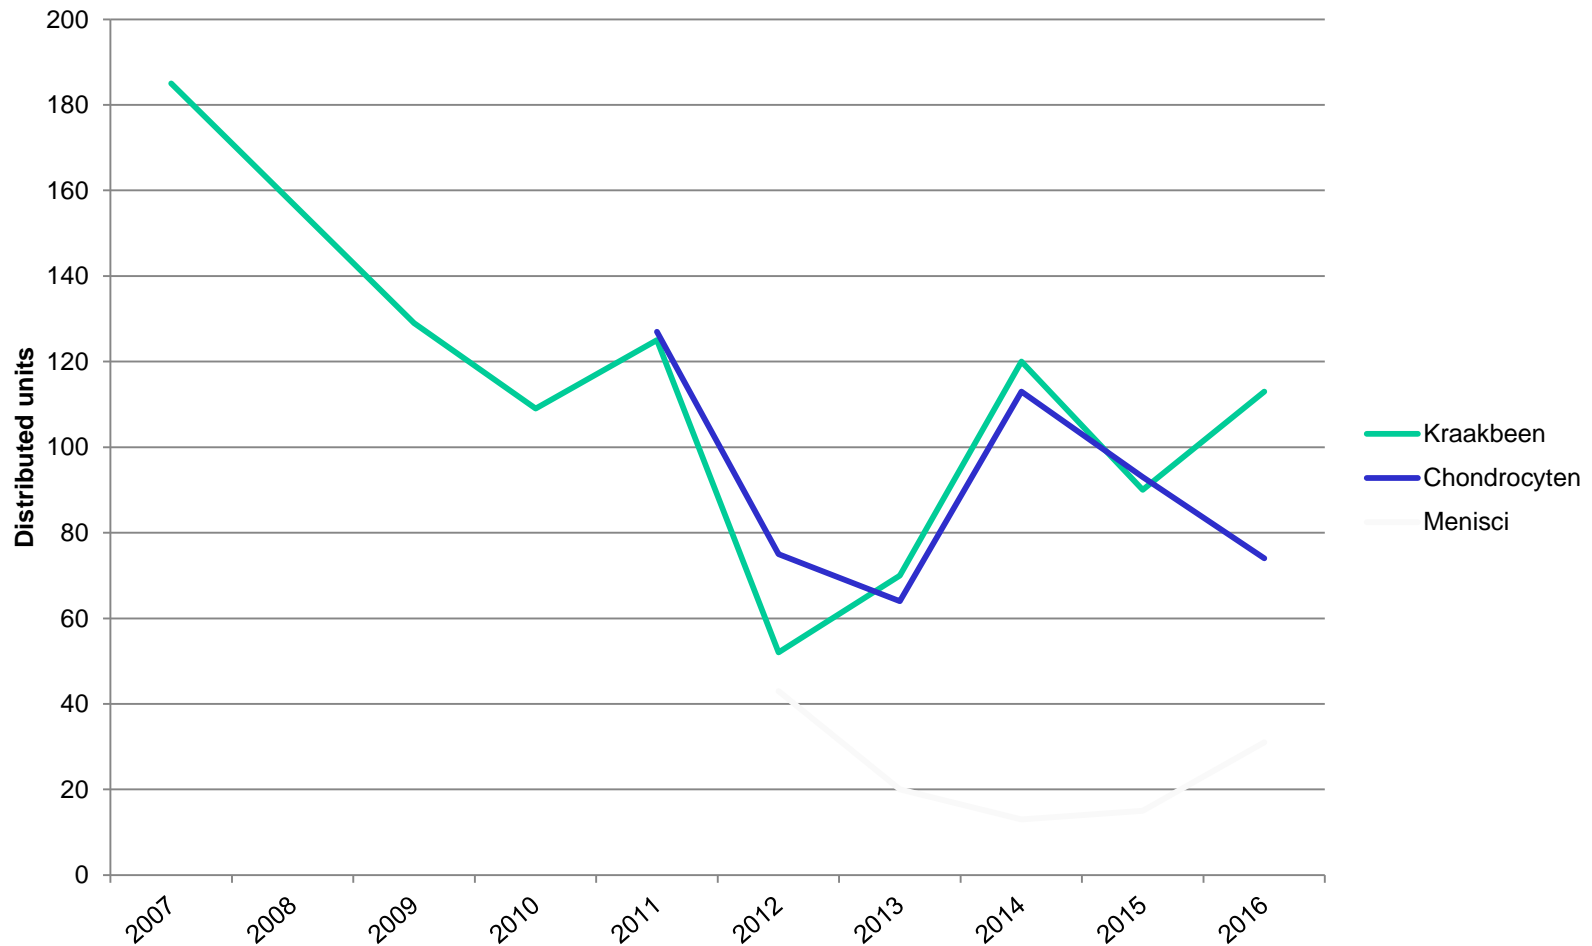

Numbers of recipients broken down to HSC source, 2012-2016

Tissues, bone

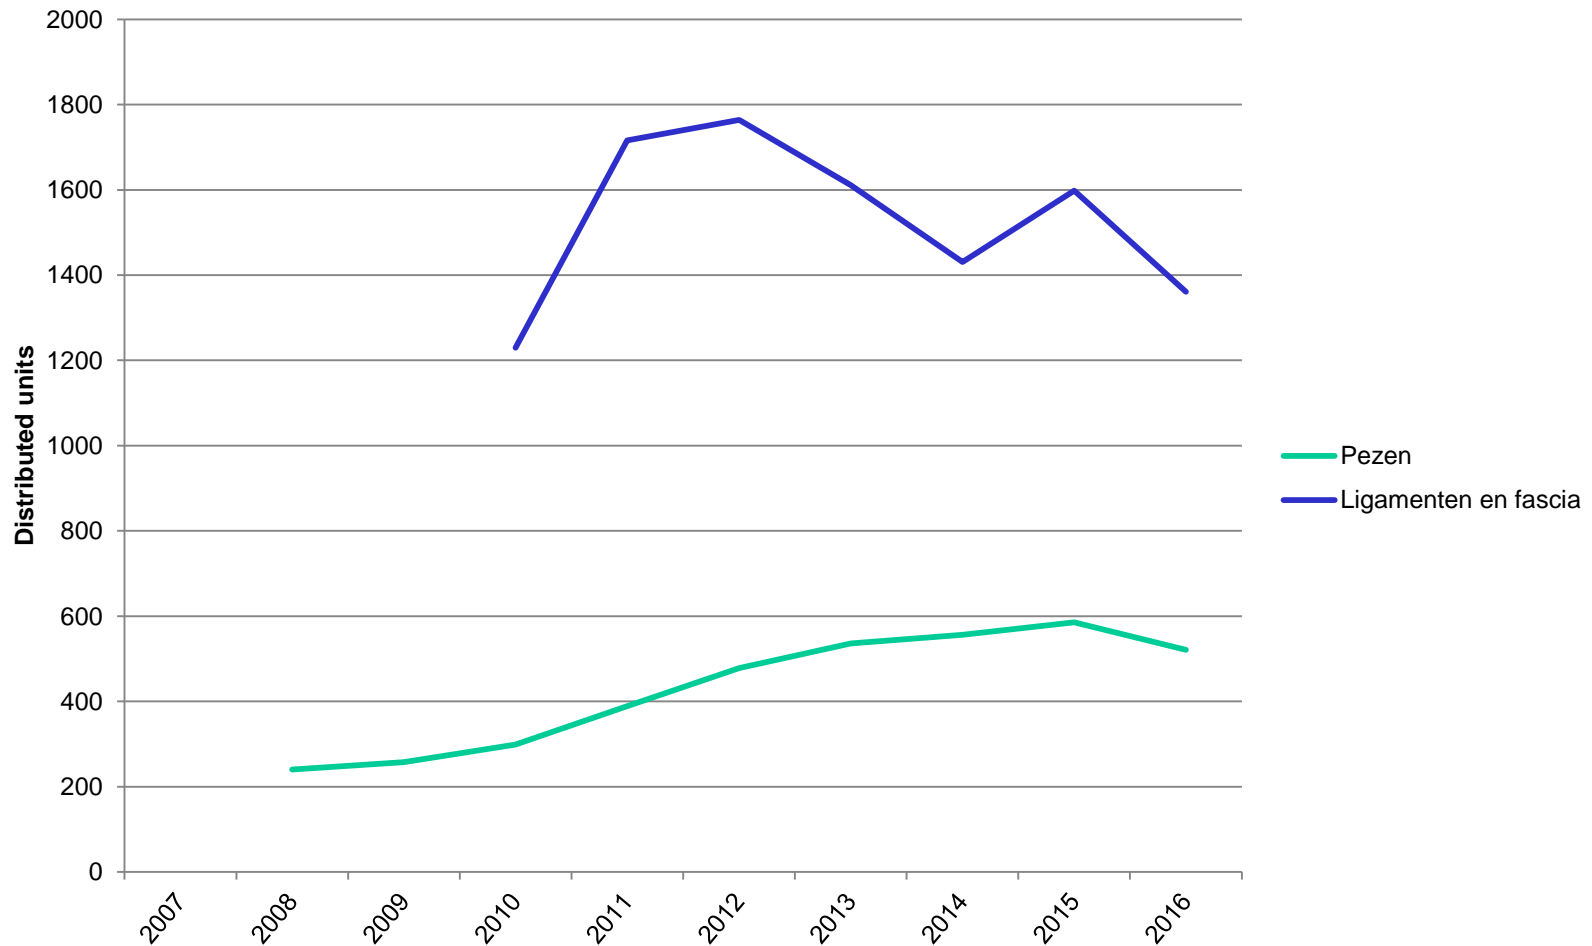

Numbers of distributed units bone, 2007-2016

Tissues, cartilage and menisci

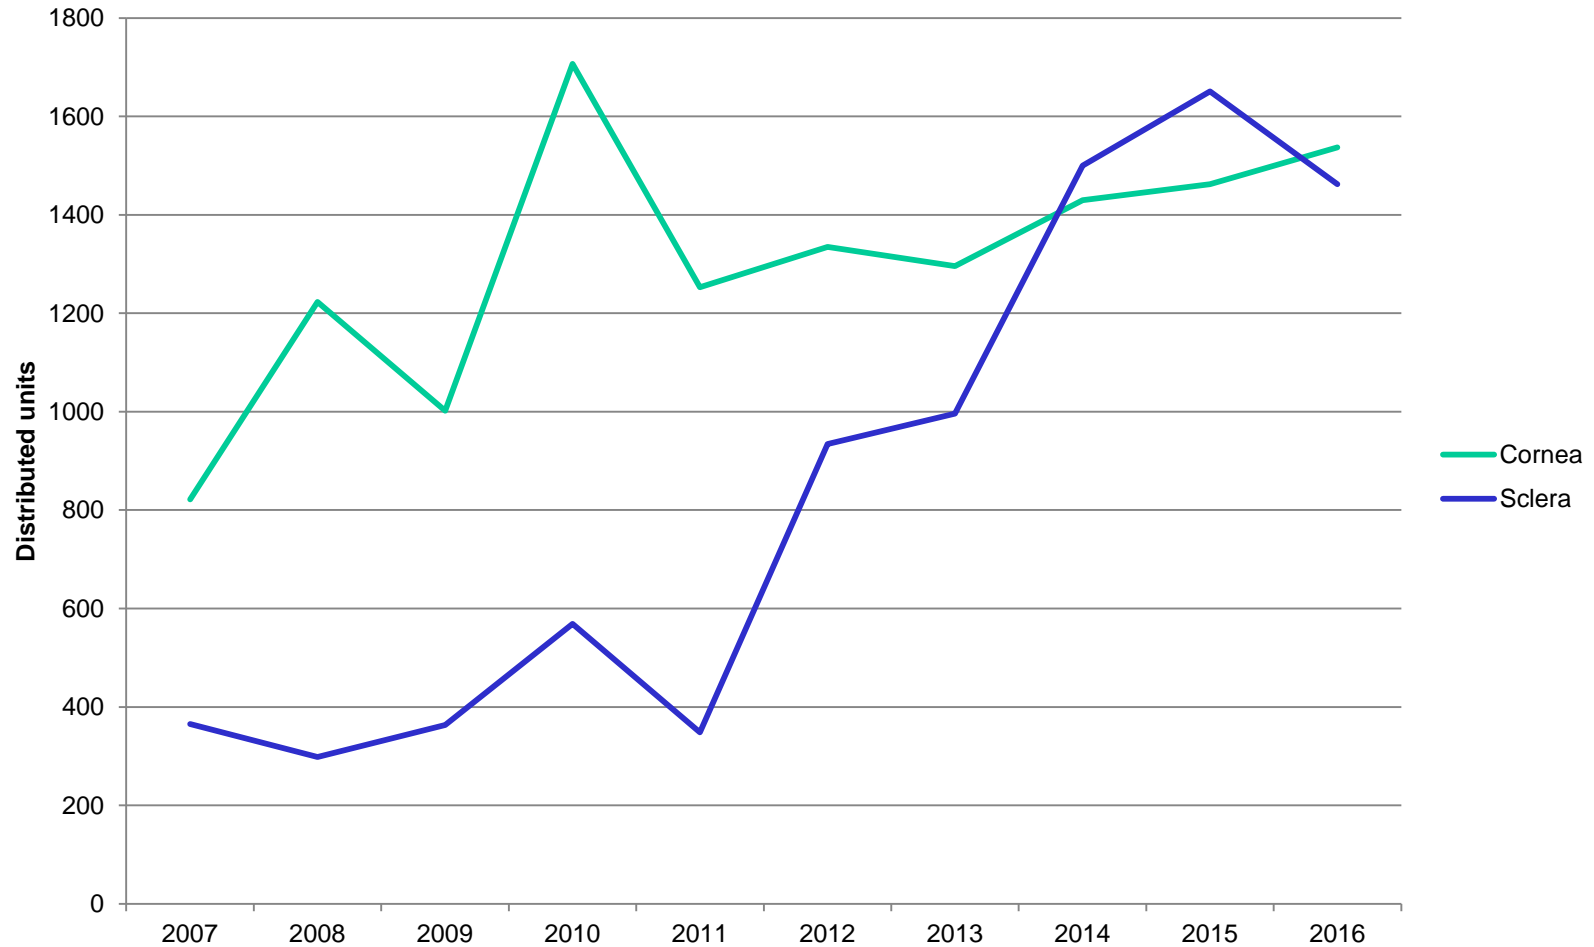

Numbers of distributed units of cartilage and menisci, 2007-2016

Tissues, tendons, ligaments and fascia

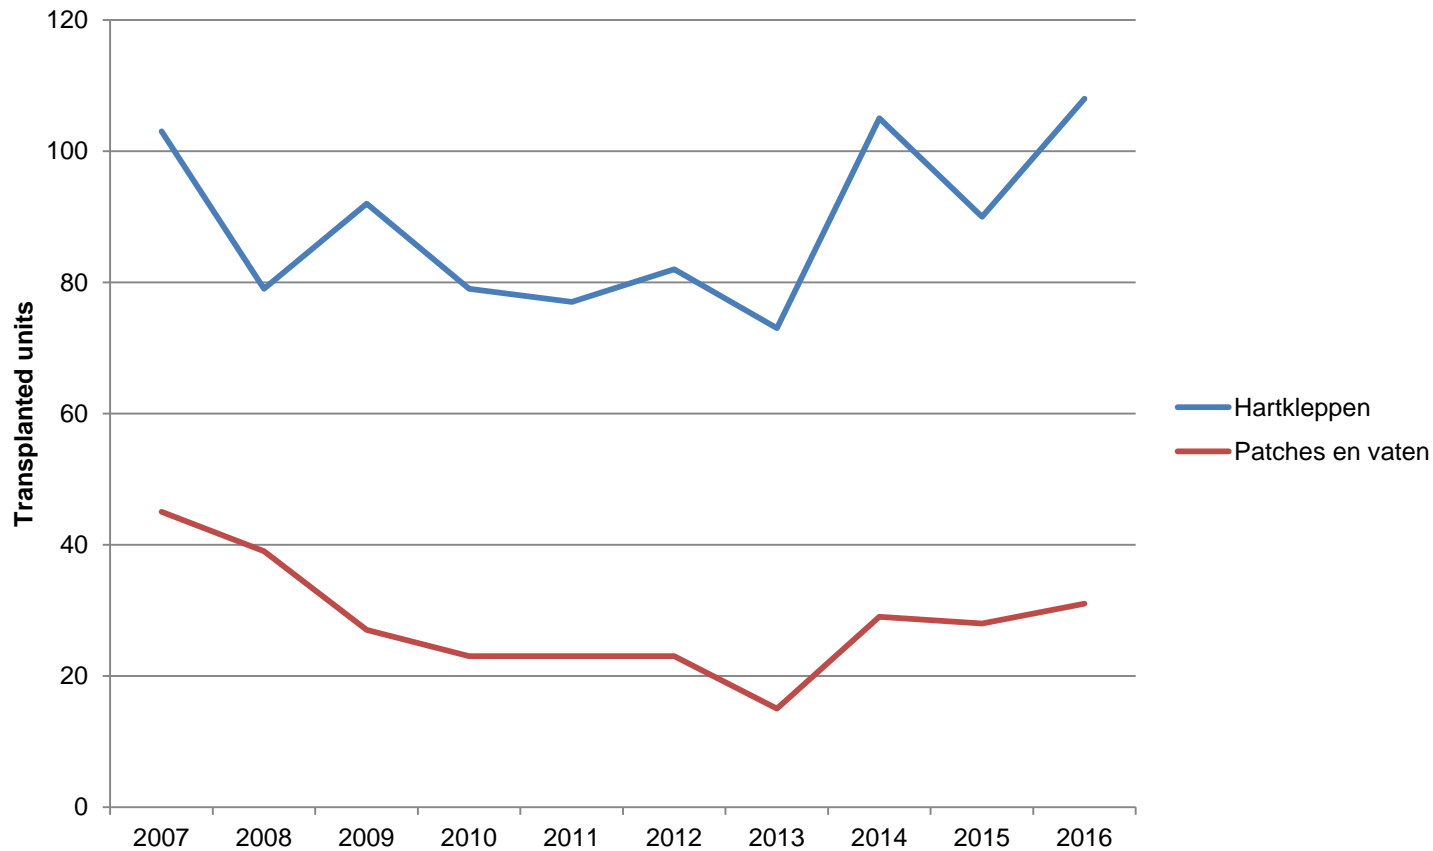

Numbers of distributed tendons, ligaments and fascia, 2007-2016

Tissues, ocular

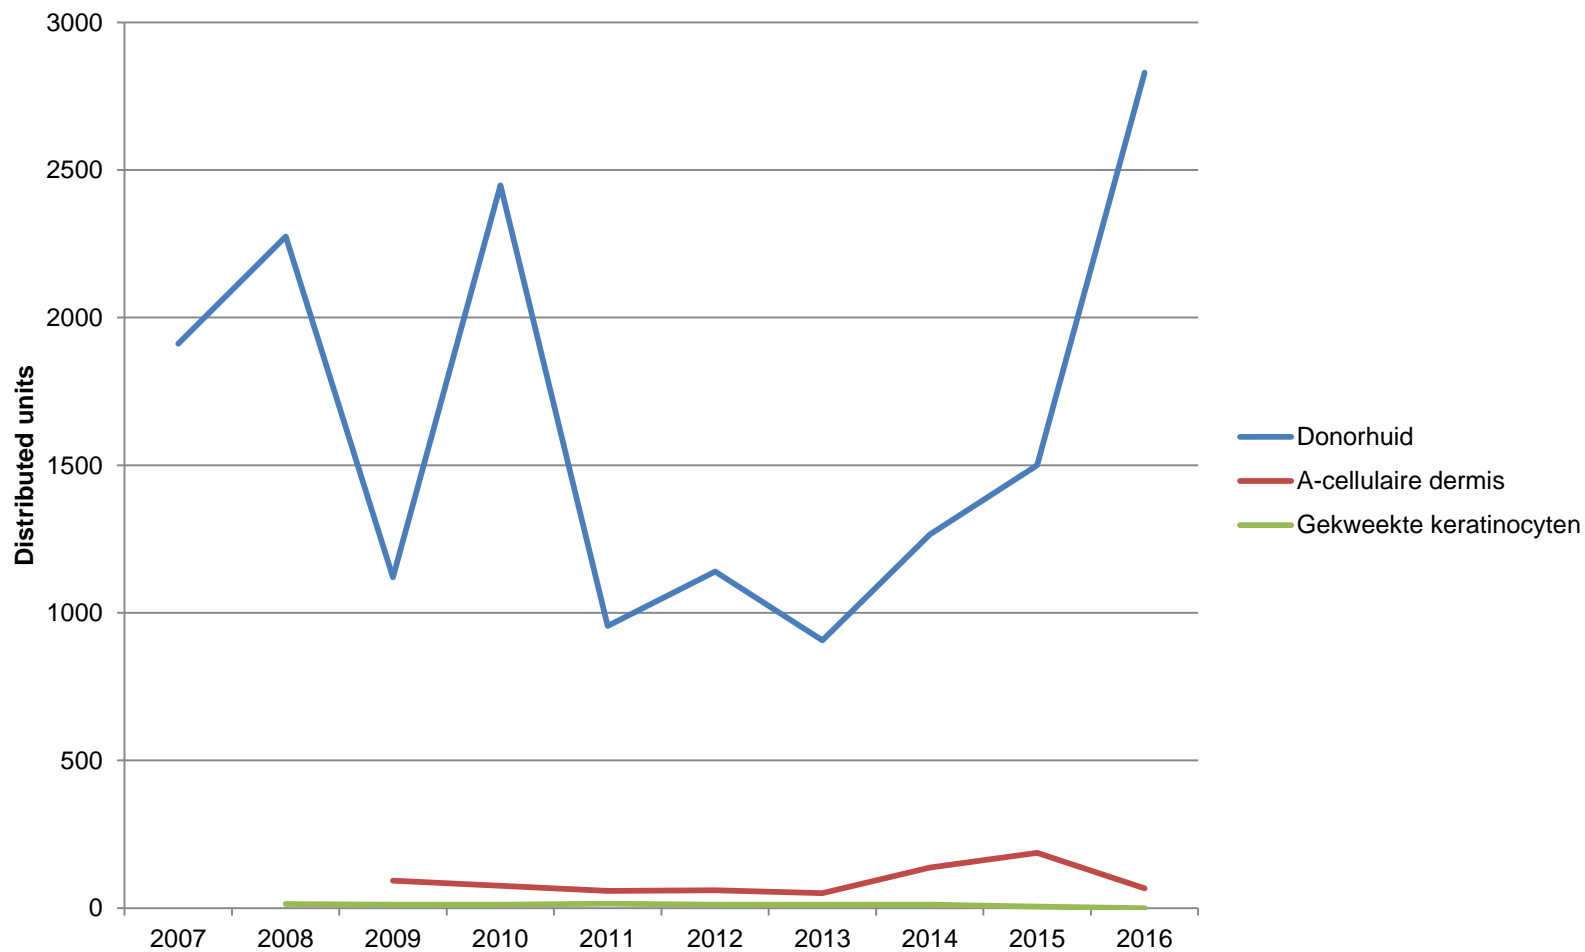

Numbers of distributed ocular tissues, 2007-2016

Tissues, cardiovascular

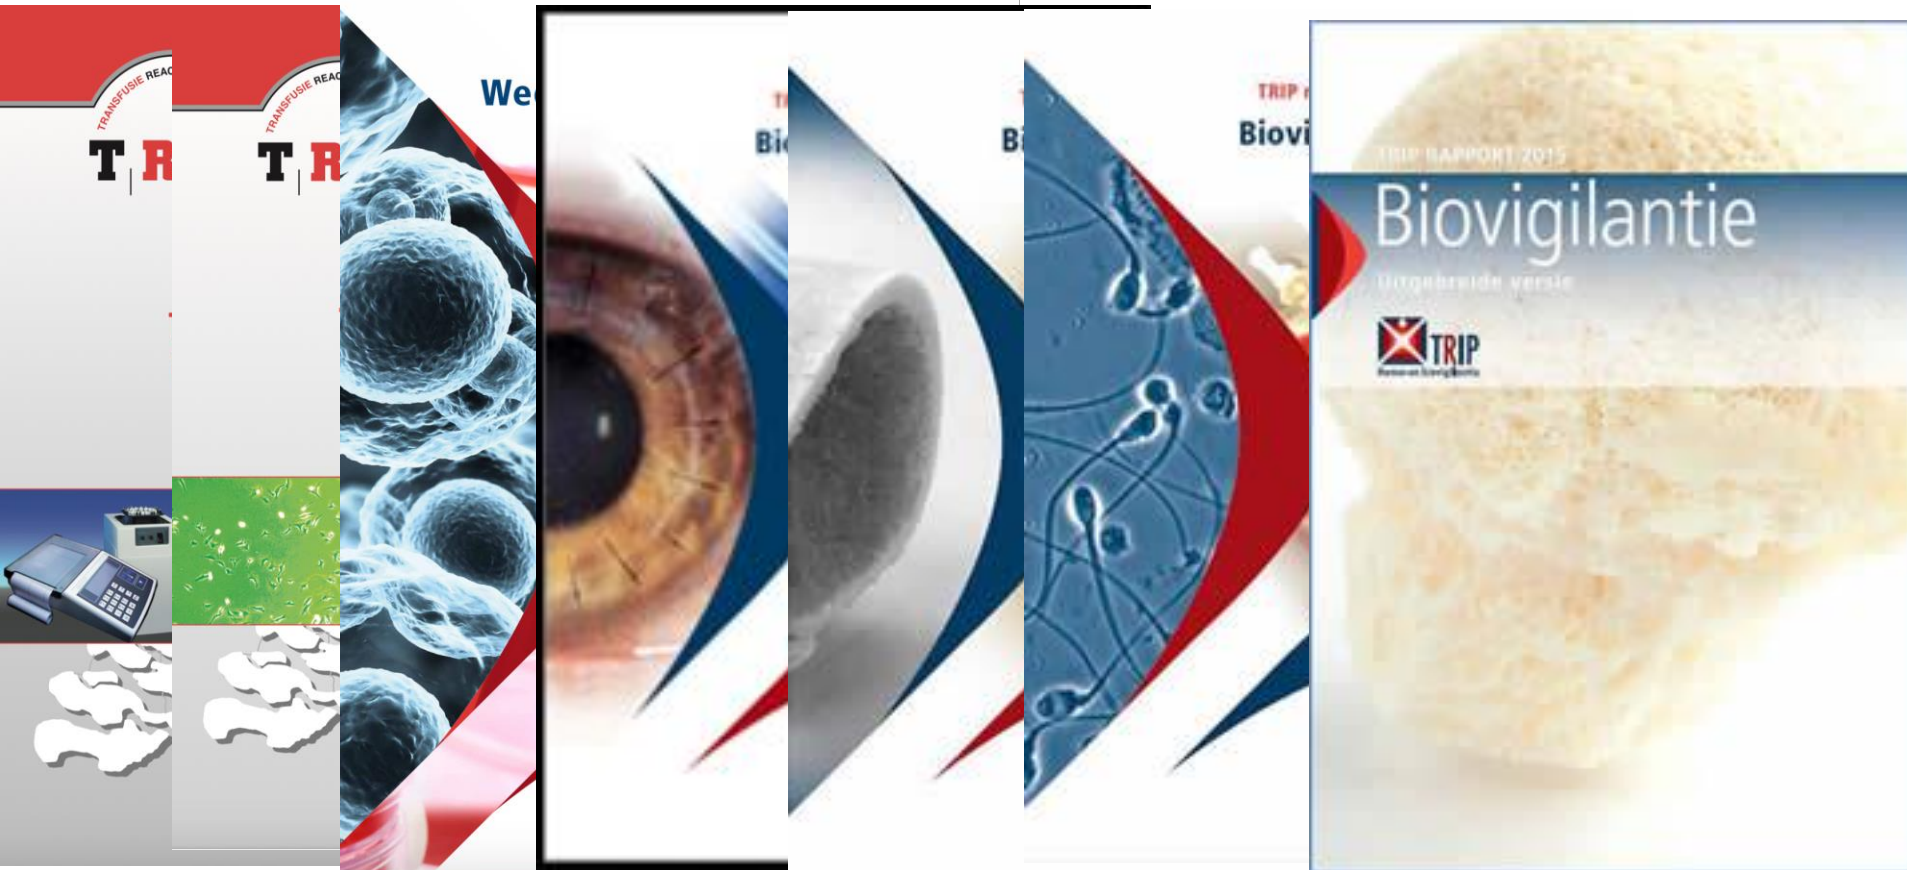

Numbers of transplanted cardiovascular tissues, 2007-2016

Tissues, skin

Numbers of distributed units skin or skin products, 2007-2016

Annual Reports

Recommendations

Year	Theme
2007, 2008 and 2011	Appointing a biovigilance officer
2009 and 2011-2013	Participation of TRIP registration
2012 and 2013	Alarmsystems and validation of critical equipment (ed. incubators, freezers, transport boxes storage facilities)
2010 and 2013	Failure after maintenance or repair of critical equipment
2011, 2013 and 2015	(Timely) reporting of adverse reactions, events and donation complications
2014	Temporary storage of tissues or cells by transplanting clinics
2013 and 2016	Preparing media for use in own facility
2011, 2012 and 2016	Follow-up of transplanted patients and living donors
2012 and 2016	Congenital malformations in assisted reproduction with donor gametes
2011 and 2014	Import and export of tissues and cells

EU projects

Happy anniversary!!
