

# Invitation

The Department of Haematology of the Haga Teaching Hospital, the Sanquin Blood Supply Foundation and the European Society for Haemapheresis are proudly presenting and inviting you to:

The congress will be held in the Marriott Hotel in The Hague. We offer you an excellent scientific programme, running over two days, with stimulating keynote lectures and symposia on parallel tracks with the involvement of internationally-renowned experts. Participants include physicians, nurses and analysts.

## Programme

The programme provides an unique opportunity for debate, discussion and the exchange of important ideas and information on the role of Haemapheresis in the fields of clinical and scientific haematology, nephrology, neurology and rheumatology. You can find the program on the [Haemapheresis Conference website](#).

## Call for abstracts

Your contributions are highly welcomed and are presented in oral sessions or poster exhibitions that undoubtedly increase the knowledge of the latest scientific developments in these fields. Scientists and experts from all over the world are taking part in this meeting, where both clinical and experimental research are showcased. Deadline for [admitting your abstract\(s\)](#) is the first of August.

[Register here for the Haemapheresis Conference 2024](#)

We hope to meet you!

Jean Louis Kerkhoffs

Chairman of The Haemapheresis Conference 2024

*The Haemapheresis Conference 2024 is organised by The Hague Teaching Hospital in association with Erasmus MC, European Society for Hemapheresis, Isala, Leiden University Medical Center and Sanquin.*
